**Step 3:** The next page is where you will need to choose which ticket type you wish to book. As this ticket is for non-students it does not matter if you select the 'Standard fare' or the 'Fully flexible fare'.

The 'Standard fare' ticket is a set ticket which will only allow you to board at the set time you selected on the previous page.

The 'Fully flexible fare' ticket allows you to board at any time, which is useful when making allowances for difficulties and delays when travelling.

Once you have selected the ticket type you will need to click on 'Continue' to go to the next stage of your booking.

**Step 7:** You will now need to wait for the email confirmation to be sent through with your ticket. You will need to show the driver of the coach this email so they can scan the code on the ticket – this can either be done on your phone or on a printed paper copy of the email.

You will also be able to see at the end of the email that the total price **including** the 25% discount.
